EDUCATION

Dr. Akhilesh Das Gupta Institute of Technology and Management

Delhi, India

Bachelor of Technology in Computer Science and Engineering. CGPA - 8.15/10

Aug. 2018 – November 2022

EXPERIENCE

Fullstack Developer

Sept. 2024 – Present

Tirth.co

Remote

- Developed the entire website from the ground up, implementing both frontend and backend functionality.
- Booking System Integration: Developed a complete booking module with Razorpay integration for secure and smooth payments.
- Added RBAC, Admin Panel, CMS, Authentication to the website
- Ensured a seamless user experience across all devices by making the entire platform fully responsive.

Fullstack Developer

July. 2024 – Aug. 2024

Fuzzy Nodes

Remote

- Refactored and debugged the booking page, significantly improving performance, usability, and reliability
- Designed and developed frontend for an AI-powered voice customer support platform, similar to ElevenLabs.

FullStack Developer Intern

Nov. 2023 – Apr. 2024

Grapevine India

Noida

- Engineered and deployed RESTful APIs utilizing Node.js and Express.js, enabling the seamless exchange of data between frontend interfaces and backend systems; reducing latency to under 200ms.
- Collaborated with cross-functional teams to refine and optimize backend services, ensuring smooth integration with frontend components and improving overall system performance.

Frontend Developer Intern

May 2023 – Aug. 2023

LevelZero Esports

Remote

- Created new tabs to provide dedicated sections for new players, improving site navigation and usability.
- Worked with design teams to build and integrate user-friendly components, enhancing the overall website experience and functionality.

PROJECTS

Tirth.co | *TypeScript, Express, Nextjs, Nodejs, MongoDB*

[Link](#)

- End-to-End Development: Designed and developed the entire website from the ground up, implementing both frontend and backend functionality.
- Developed a complete booking module with Razorpay integration for secure and smooth payments.
- Implemented secure RBAC with bitmasking enabling differentiated access for admins and managers.

Skippit | *React Native, Expo, TypeScript, Django, AWS, TailwindCSS*

- Developed and deployed a high-performance mobile app for both iOS and Android using React Native and Expo.
- Implemented secure user authentication, session management and including role-based permissions.
- Designed mobile-first, pixel-perfect interfaces with NativeWind and platform-specific UI elements for a native-like experience on both iOS and Android

TECHNICAL SKILLS

Languages: C++, Python, JavaScript, TypeScript

Frameworks: Next.js, React.js, Express.js, Node.js, Hono

Libraries: Prisma, Tailwind CSS, Framer Motion, Redux, Zustand

Developer Tools: Git, Github, Nginx, Ngrok, Postman, Firebase, Docker, Turborepo

Cloud/Databases: AWS (EC2, Lambda, S3), Cloudflare Workers, MongoDB, PostgreSQL

CERTIFICATES

- 100xDevs Fullstack Web Development Course [Link](#)
- Java Programming and DSA [Link](#)
- Python for Data Science, AI & Development [Link](#)
